The following is an **Examiner's Statement of Reasons for Allowance**:

Claims 5-6 and 8-12 are directed to isolated DNA molecules comprising sequences encoding a specific human kinase, vectors and host cells comprising said DNA molecules. Claimed DNA sequences are free of prior art. Further the prior art does not teach or suggest preparing such specifically claimed sequences. Hence, said sequences are also non-obvious. Since claimed DNA sequences are both novel and non-obvious, DNA molecules comprising said sequences as well as vectors and host cells comprising said molecules are also novel and non-obvious.

Claims 5-6 and 8-12 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
